

Sporting Targets High Tower Challenge 2025

The High Tower challenge has built a good following over the past 32 years with many shooters, including most of the country's top shots and with the Worlds in the UK this year a lot of international Shooters, all testing their skill on the extreme targets presented, with some making it on the winner's board more than once!

This year's challenge started in the 122 with a diver & driven from the 120ft, Looper, Crow and Overhead 90mm. We then moved into the Skeet for some mega targets, with 3 Battues one from the 110ft tower, a close one and one that was 100 yards at its furthest point, some real testing stuff.

The Quarry layout presented a long, edge on midi & close driven from the 60ft, a looper, 3 different driven/crosser from eh 100ft then a menacing Teal from a small tower. All were for the faint hearted.

The course was set for 44 and this looked to be the case with Scott Barnett scoring 44 during the Jack Pyke week. However on the week of the World Sporting many international shooters came to try their hand with Zachary Kienbaun shooting a magnificent 45 which was not to be beaten despite his friend Brandon Powell posting 3 44's the same day! Dave Ferriman, Henry Collins & Jonathan.

We would like to thank this year's sponsors; Hull Cartridge company & SCS Haulage, thank you your support is very much appreciated.
